

Why should you have your baby at Flinders Private?

In consultation with your Obstetrician you have a choice of birthing methods.

Our midwives are skilled and flexible in providing the best care for you before, during and after the birth of your baby.

Flinders Private offers prenatal and postnatal classes for you and your partner conducted by experienced midwives. Here you can share your experiences and joy with other expecting or new parents.

During your stay, individual education is provided by our skilled midwives and videos can be viewed in your room if additional information is required.

Flinders Private offers your partner complimentary overnight accommodation and a meal on the first night following your baby's birth.

Our state-of-the-art nursery can accommodate babies from 34 weeks gestation with neonatal intensive care facilities readily accessible. This means you and your baby would remain close if there was the need for a higher level of care.

The outpatient drop-in service offers ongoing support for you and your newborn once you have returned home from hospital.

To discuss a booking, enquire about our classes or our self-funded maternity packages, please phone 8275 3333.
